Session 2016-17

Best Practice-1

Organisation of State Level Inter-College Students' Seminar

Goal: - To encourage and motivate the students for developing academic investigation, scientific outlook and conducting research on various issues on society.

Context:- Our present society is covered by various types of problems. Without scientific and systematic study, it is impossible to overcome such problems of the society. To acquire sufficient knowledge on these problems, the college encourages the students' community for conducting research studies.

The Practice:- The Research Cell of the college organised this state level student seminar. The organising committee called for papers from various institutions to present the same. Total 100 students in and outside the college participate in the seminar. The participants accompanied with their guide teacher and presented paper in the seminar held on March, 2017.

Evidence of Success:- The seminar gives the students a new experience on how to present a seminar paper in state or national level.

Problems encountered:- All students cannot be covered to participate in a seminar because of time constraint.

Session 2016-17

Best Practice-2

Morning Assembly for Spiritual Development

Goal:- To assemble students in morning assembly for moral and spiritual development.

Context:- Importance of education is not only for preparing students to lead a good economic life, but it is the duty of education and educational institution to provide scope for moral and spiritual development. For this purpose, the college organises morning assembly among students every morning in the college auditorium.

The Practice:- Principal and teachers of various departments conduct morning assembly. At 8.50 AM, before the class starts, students assemble in the college auditorium and pray to the almighty. After the prayer, the Principal delivers a speech in brief about the thoughts of the day, good news etc. Besides this, he also declares some information to students regarding examination, attendance of classes and other activities of the college.

Evidence of Success: - A discipline is seen among the students and the college as well.

Problems Encountered: - Although, it is a good effort, but not possible to ensure the involvement of all students of the college. All the students cannot attend the college at the prayer time every day as they have to cover from distant rural areas.
